Build a Stronger Montana: End Childhood Hunger

Statewide Summit

@ Montana State University, Bozeman

1 IN 5 CHILDREN IN MONTANA STRUGGLE WITH HUNGER

Did you know, childhood hunger has a direct link to:

- ⇒ Children's success in the classroom and overall health and well-being,
- ⇒ Work productivity, stability and happiness of families, and
- ⇒ Montana's economic viability and the health of our communities.

Montana can NOT afford to IGNORE childhood hunger.

Find more information or register for the summit here:

www.montana.edu/cs/conferences/endchildhunger

or contact Katie Bark

Phone (406) 994-5641 Email kbark@mt.gov

Summit agenda highlights include:

Awareness

Learn Montana's hunger facts and figures as well as the hunger facts for your community. Learn the 10-step plan to end child hunger in Montana.

Advocacy

Get involved in policy change at the institutional or governmental level.

Steps to Help the Hungry

Understand successful solutions and best practices to prevent childhood hunger.

Student Success

Understand the link between hunger and academic performance and steps to ensure children are ready to learn inside and outside the classroom.

Agriculture

Learn how to develop sustainable foods systems and strategies for teaching children how to grow food.

Economic Development

Discuss how hunger effects economic success in your town. Learn and discuss simple solutions to prevent childhood hunger.

Preconference Site Tours

Tour a local food bank, school, grocer, and Community Café.
